THE METAL INDUSTRY

WITH WHICH ARE INCORPORATED THE ALUMINUM WORLD, THE BRASS FOUNDER AND FINISHER AND ELECTRO-PLATERS REVIEW.

A TRADE JOURNAL RELATING TO THE NON-FERROUS METALS AND ALLOYS.

Index of Volume III.

JANUARY—DECEMBER 1905

THE METAL INDUSTRY PUBLISHING COMPANY

61 BEEKMAN STREET

NEW YORK

INDEX

A.

Page.

Acid copper solution for rose finish..... 248
Acid resisting mixtures 85
Alloys, recent tests of 3
Alloys, process of making 14
Alloys of copper and tin, oxygen in..... 19
Alloys containing aluminum, casting of.... 29
Alloys, manufacturing of metallic 54
Alloys of vanadium, molybdeneem, titanium and tungsten; process for producing.... 162
Alloys, variations in the properties of..83, 108
Aluminum at the automobile show..... 28
Aluminum bronze, remelting of..... 42
Aluminum bronze dies 177
Aluminum bronze dies and forces, method of using 217
Aluminum, cleaning of stains 226
Aluminum casting, recent practice in..... 49
Aluminum castings, polishing of..... 94
Aluminum castings, test of..... 112
Aluminum, electroplating of 52, 198
Aluminum, instruments of precision 13
Aluminum in India, new source of 66
Aluminum in brass castings, action of..... 72
Aluminum industry 91, 157
Aluminum, making of 184
Aluminum, production of matte finish on.. 52
Aluminum, process of soldering 74
Aluminum, process of extracting 96
Aluminum safe 36
Aluminum scrap melting 69, 95
American tin 148
Anode in the gold bath 85
Anti-friction bearing metal..... 243
Antimony alloys, welding of 50
Antique finish for bronze..... 160
Apparatus for forming cores 228
Apparatus for grinding or polishing..... 136
Apparatus for heating metal rolls..... 196
Apparatus for spinning metal 229
Aqua-Regia, to make gold chloride..... 52
Armature bearing in street cars, alloy for.. 249
Armored flexible tubing 140
Art of sheet metal working 163
Artistic cheap novelties 221
Artistic metal work 213
Australian process for silver plating iron or steel 53
Automatic drop lifter, new model 202
Automatic buffing machine, new model... 202
Automobile, the composite 26

B.

Banca tin 51
Bearing for rods of rolling mills..... 250
Beating leaf metal, machine for..... 14
Bending machine 54
Bending metal scrolls, machine for..... 184
Bending metal tubes, apparatus for..... 250
Birmingham brass trade, history and prospects 9
Bismuth, production and use 172
Black dip bronzing for brass 226
Black iron finish for brass 161
Black nickel finish 20
Black nickel finish for brass..... 160
Black oxide of copper 226
Blanching silver copper alloys, new process. 11
Blank feeding apparatus 54
Black nickel plate, or gun metal finish.... 53
Blisters on ribbon solder 150
Bower-Barff finish 173
Brass at the automobile show 30
Brass casting, Lyne's process in Birmingham 87
Brass castings, production of red color 72
Brass formula for heavy castings 73
Brass founding, modelling as applied to... 41
Brass foundries and rolling mills, German and English 45, 65
Brass foundry of Westinghouse Co..... 176
Brass foundry practice 73
Brass manufacturers 31
Brass, mixture for hinges, etc. 160
Brass, mixture for valves 72
Brass plating, gray cast iron 116
Brass plating solution 32, 33
Brass, range of term 194
Brass Section of American Foundrymen's Association 103
Brass solution 73, 131
Brass trolley wheel castings 33
Brazing compound 34, 250
Brazing metals, method of 74
Brazing, process of 14
Bright acid dip, for brass plated goods... 138
Bright dip for brass plated goods..... 72
Bright finish for brass 182, 183
Bright finish on steel stampings..... 116
Bright gold, ormolu, and etruscan finish on the soft metal alloys 47
British versus German brass workers.... 191
Bronze casting, large 3
Bronze castings, cleaning and brightening. 183
Bronze casting by Cire Perdue or lost wax process 21

Page.

Bronze castings, mixture for artistic..... 72
Bronze lecturn, design for..... 240
Bronze powder, apparatus for making.... 14
Bronze solution for plating steel 138
Bronze solution for pocketbook frames.... 248
Brown finish on gun barrels, production of 53, 112
Buffing machine 228

C.

Cadmium alloys 139
Calcium, impurities in 111
Candlesticks, antique designs 199
Carborundum discs, test of 225
Carborundum firesand 31
Carboy inclinator 159
Casting aluminum wheels 219
Casting an aluminum pattern 139
Casting apparatus 140
Casting brass linings 199
Casting brass plates..... 227
Casting German silver for rolling 149
Casting gold or silver on base metals, French sand molds for 25
Casting metal in thin moulds 225
Casting of alloys containing aluminum.... 29
Casting of aluminum and aluminum alloys. 239
Casting temperature 82
Casting temperature, importance of 183
Caustic potash, liquid 68
Chandelier, artistic 110
Cheap chemicals from plater's standpoint.. 20
Chemist, the, in the brass foundry..... 235
Chucking machine for brass goods..... 8
Chucking machine, rapid..... 246
Cinder crusher, new 181
Cire perdue, or "lost wax" process of casting bronze 21
Cleaning off-color castings 134
Coating machine 250
Coating materials with silver 162
Coating metals, new method 66
Coating wire or forming tubing, machine for 163
Cock grinder, new model 203
Coiling wire, machine for..... 250
Collapsible tubes, machine for closing the bottom of 75
Cold galvanizing bath 111
Cold galvanizing, practical points 153
Cold galvanizing processes..... 242
Coloring valves 82
Compound metallic articles 62
Compound pipe or tube 196
Composition of material for foundry use.. 96
Composition of plating baths 67
Composite gramophone 137
Conductivity of copper 147
Connecticut brass industry 59
Copper handbook 227
Copper hinges, wrought 26
Copper in 1904, product and consumption. 192
Copper melting in cupola 104
Copper refinery plant, Martin's direct rolling 127
Copper rolling and the uses of sheet copper. 241
Copper tin alloys, oxygen in 19
Copper wire, hard drawn, test of..... 236
Core for making hollow castings 140
Core compound 240
Core element 163
Corrosion of brass and bronze by mine water 171
Crucible furnace 179
Crucible lift, new 115
Crucible making, new method 158
Current density in plating operations 126
Current measuring instruments 39
Current strength in plating 169, 205
Cyanide of nickel solution, making of.... 12
Cyanide poisoning, antidote for..... 12

D.

Danish detinning process 24
Dark steel oxidizing 197
Density for copper and silver strike 226
Deposition of metal on non-metallic bodies. 197
Detrimental influence of oxides on sheet metals 109
Dies for drawing sheet metal vessels..... 140
Dip for iron 32
Dip gold solution 94
Dipping of brass plates 12
Dip to remove oxide from German silver.. 116
Discussion, value of 2
Drawing sheet metal goods without annealing 64, 95, 227
Drawing soft steel 94
Dry sand cores, and their uses 219
Dull nickel finish 182

E.

Electric welding machine 92
Electro-chemical cleaning baths, and their uses 197

Page.

Electrolytically refining silver 184
Electrolytic process of manufacture of sponge tin 86
Electrolytic production of metallic strips .. 219
Electro-deposition of antimony 162
Electro motive power 60
Electroplating apparatus 118, 140, 206
Electroplating designs on glass 7
Electroplating device 184
Electroplating, mechanical 71
Electroplating, theory and practice in.... 60
Electrotyping for various kinds of molds.. 221
Embossing machine, hydraulic 34
Etching of metals on a small scale 220
Etching metal, method for 34
Etching of metals on a large scale..... 244
Etching silver plated hardware, process for. 138
Etruscan, ormolu, and bright gold finish on the soft metal alloys 47
Exhaust apparatus 159
Extensions of British Aluminum Company. 139
Extracting tin from tin lead alloys..... 222

F.

Fastening abrasive materials to metal bodies, method for 34
Fire cracks in German silver, cause and prevention 43
Fire coat on silver, removal of 113
Finish, black nickel 20
Flexible tubing, machine for forming 96
Floats, seamless, in boiler water columns. 248
Flux for zinc aluminum mixtures..... 12
Forced blast brass furnace, new 222
Forming wire drawing dies, machine for.. 207
Formula for bronze finish 138
Foundry cost keeping 104
Foundrymen's convention 126
French lacquer 204
Furnace, metal melting and refining 30
Furnace preservation 160
Fusible solder, mixture for 160

G.

Gas engines in small industries..... 214
German copper rolling works 172
German brass works, proposed combination of 46
German rolling mill 150
German silver and its uses..... 237
German silver, cause and prevention of fire cracks 43
Gilding solution 32
Gold alloys 138
Gold alloys for jewellers..... 113
Gold and silver jewelry in France 91
Gold oxide, preparation of 138
Gold plated sterling silver articles 91
Gold production in 1903 22
Gold production in 1904 .....129, 221
Gold, silver, or base metal castings, French sand molds for 25
Graphite for brass furnace linings 93
Green finish for metal 226
Green oxidizing solution for silver 204
Grinding machine 228
Grinding or polishing metal articles, machine for 75
Gun metal finish or black nickel plate production 23
Gun metal finish on steel, production of.. 116

H.

Hand rolling mills 51
Hardening and tempering of copper..... 162
Hardships caused by high metal prices.... 214
Helical rolls for rolling metal 184
High temperature measurements 22
Hinge cutting machine 118
Hollow metal ware, apparatus for shaping.. 14
Hydraulic tube expanding and compressing. 162

I.

Influence of specifications, the 40
Indian aluminum factory 178
Ironplating, solution for 204

J.

Japanese and Barbedienne bronze and olive green tones on copper 53
Japanese white metal 13

K.

Kalye 71

L.

Lacquers modern, compounding, mixing and uses 155
Lacquer works, new 16
Lathe, multiple spindle automatic turret.. 247
Lathe turnings, chemical analysis of..... 243
Lead in British Columbia, bounty on.... 175
Lead on brass, influence of 170

Page.

Lead pipe for steam or high pressure.... 74
Lead, process of treating 96
Lead production, 1904.....158, 218
Lumen metal 161

M.

Machine for casting metal 54
Machine for cutting scrap metal 202
Machine for making sand molds for casting. 118
Management of silver bath 81
Manganese bronze, propeller casting..... 33
Manganese bronze, tests of 139
Manufacture of hollow metal balls 92
Manufacturing metallic shapes by extrusion 178
Mechanical economies in Birmingham brass trade 174
Melting furnace 184
Melting of emery grindings 138
Melting temperatures of the common metals 11
Metal button making 14
Mercury on copper anodes 226
Metal casting machine 75
Metal coloring 117
Metal for small castings..... 52
Metallic tube, flexible 74
Metal industry 95
Metallizing fabrics, process of..... 96
Metal melting furnace, new 200
Metal melting furnace, new stoker 223
Metal mold for making brass castings.... 162
Metal patterns in brass foundry, use of.. 193
Metal plaque 74
Metal working machine 162
Mill for polishing round bars..... 34
Mixture for brass castings..... 204
Mixture for casket handles 204
Mixture for easy running solder 182
Mixture for light brass castings, and molding 161
Modelling as applied to brass founding... 41
Modelling wax 62
Modern mold making..... 27
Mold, combination, metal for brass casting. 70
Mold cope filling machine 140
Mold for casting bearing brasses 180
Mold cutter 75
Molding bronze statues in French sand.. 157
Molding, dry and green sand, for artistic work 218
Molding for brass castings 94
Molding machine 14, 162, 206
Molding machine in the brass foundry 105
Molding machines in the brass foundry.. 239
Molding press 118
Molding trolley wheels in a molding machine 61

N.

New apparatus for galvanizing wires 114
New bobbins for spinning looms 132
New sand blast apparatus, and high pressure blower 181
Nickel alloys, invar and platinite 86
Nickel anodes, cast versus rolled 148
Nickel anodes, peculiar behavior of..... 73
Nickel bath, replenishing 90
Nickel copper alloys, corrosion of, in sea water 245
Nickel plating 139
Nickel plating, apparatus for 54
Nickel plating steel chains 160
Nickel plating solution for brass faucets... 248
Nickel solution, troubles with, in plating.. 248
Nickel tubing, pure 26
Nickel vanadium alloy 49
Non-ferrous metals, production 1904..... 236

O.

Odd side for a molding machine, making of 135
Old gold finish for brass 226
Old metal trade, honesty in 104
Ormolu, bright gold, and etruscan finish .. 47
Ornamental vase 90
Oxidizing brass by immersion in the ammonia copper solution 88
Oxidizing solutions and their uses 198
Oxygen in copper tin alloys 19

P.

Parting compounds and their use 177
Patinas, roman bronze and verde antique, modern way of producing 5
Patterns, care and storage..... 153
Petroleum gas fuel for melting metal ... 93
Phosphor bronze, elastic limit of 73
Phosphor tin 51
Pipe, apparatus for bending..... 75
Pipe bending machine..... 225

Page.

Plates, polished metal, clouds on..... 238
Plating apparatus 118
Plating baths, composition of 67
Plating of wooden balls 227
Plating nickel on nickel..... 172
Plating purposes, water for 2
Plating small objects 50
Platinum chloride, making of 52
Polisher, direct motor driven 51
Polishing apparatus, new form 180
Polishing belt deflector 250
Polishing belt, new 203
Polishing machine for metal 54
Polishing machinery name plates 112
Polishing or sanding machine 54
Polishing wheels, applying emery cloth to. 48
Portable metal melting furnace..... 136
Position of rheostat in plating 52
Pot for arsenic solution 226
Potash solution for cleaning 7
Power presses 249
Power presses and their use for working non-ferrous metals 215
Power saw, rapid cut 71
Practical brass founding flasks 135
Preventing sweating of brass plated iron goods 182
Producing metals and alloys, process of.. 96
Production of thin bronze plates..... 114
Properties claimed for Murmann metal.... 49
Pulverizing metals..... 185
Pump for molten metal 250
Punch cutting machine..... 206

R.

Red metal castings..... 138
Red metal, mixture for, from scrap metals. 248
Reducing metallic oxide with metallic aluminum, process for 34
Refining scrap tin solder..... 160
Removal of excess metal coating from sheet metal 162
Removal of fire coat from sterling silver.. 94
Rockwell melting furnace, tests of..... 200
Roman and rose gold solutions..... 52
Roman bronze, verde antique and patinas, modern way of producing..... 5
Role of the power press..... 214
Roll over molding machine, new..... 137
Rolling up leaf metal..... 184
Rolling of compound metals..... 195
Rolling machine for metal..... 34
Rolling mills and brass foundries, German and English 45, 65
Rose finish, acid copper solution for..... 248
Rose gold solution..... 182
Royal copper finish..... 12
Royal copper finish, new process for..... 111
Royal copper finish on silverware..... 249
Rules for handling nitric acid..... 68

S.

Sand blast apparatus.....75, 136, 158, 181
Sand blast for metal workers..... 137
Sand blast in the plating room..... 88
Sand mixing machine..... 203
Sand molding machine.....118, 239
Scabs on brass castings, prevention of..... 116
Scale, removal from wires, rods, etc..... 74
Screw threaded pipes, manufacture of.... 14
Seamless hollow metal articles, process of constructing 118
Securing metal coverings on pipes, process for 14
Shears for cutting metal..... 250
Sheet copper, new terms of delivery on.... 46
Sheet metal plate..... 34
Ship metal, mixture for..... 248
Silicon copper in the brass foundry...130, 157
Siloxicon bricks, manufacture of..... 180
Siloxicon furnace linings..... 115
Silver and plated ware industry of Connecticut 82
Silver deposit work..... 44
Silver and plate trade in Sheffield..... 192
Silver bath, management of..... 81
Silver, gold, or base metal castings, French sand molds for..... 25
Silver in Australia..... 159
Silvering glass, method for..... 32
Silver, oxidized and French gray..... 68
Silver plating, bright on Britannia metal.. 32
Silver plating solution..... 94
Silver solution.....32, 226
Silver revolution, cheap silver and its consequences..... 133
Silver yield in United States, 1903..... 28
Skimmer, making of..... 73
Slitted sheet metal, process of expanding... 75
Slitting sheets of metal, or other fabrics, machine for.....74, 75
Smooth faced castings, production of..... 161
Soap tanks for plating purposes..... 175

Page.

Sodium silicate for coating nickel plate.... 226
Solid silver dinner set..... 196
Solder for German silver..... 52
Solders, manufacture and use of gold and brass..... 63
Soldering fluid..... 160
Soldering furnaces, burner for..... 54
Soldering iron.....34, 74, 163, 228
Soldering machine..... 206
Soldering, method of..... 34
Soldering paste 250
Solution, cold galvanizing..... 32
Solution for antique green on gold..... 117
Solution for cold electro-galvanizing..... 33
Solution for old copper finish..... 95
Solution for acid copper bath to plate zinc. 72
Specifications, influence of..... 40
Spelter, ingot..... 183
Spelter, world's production, 1904..... 82
Sponginess in brass sticks..... 52
Spot gilding, stop off paint for..... 13
Sprue cutter, improved power..... 115
Stains on brass plated ware..... 95
Stains on lacquered brass, explanation and remedy..... 204
Steam brass goods, manufacture of..... 69
Steel solution for oxidizing brass..... 204
Steele Harvey crucible melting furnace, tests of..... 201
Sterling silver bedroom suite..... 26
Sterling silver mixture..... 94
Stepping stones to success in the foundry. 125
Stolen brass in brass scrap..... 170
Straightening tubes, shafts, etc., machine for 163
Stripping silver plate from steel knives.... 94
Sweating of metals after plating, remedy for 161

T.

Table knife, improved form..... 10
Tap extractor..... 93
Tea kettle ball, a..... 36
Test for cyanide and silver solutions..... 12
Testing apparatus for gas fittings..... 50
Tests, recent, of alloys..... 3
Thermit exhibition in National Museum... 22
Tin, American..... 148
Tin, Danish removal process..... 24
Tinning machine..... 96
Tin plating, apparatus for..... 96
Tin plating, formula for..... 72
Tin plating gray cast iron..... 116
Tin, removal from scrap..... 12
Tin, world's production and consumption.. 170
Tin, world's supply of..... 20
Tobin bronze, mixture for..... 52
Transverse rolling for shaping metals..... 162
Tube bending machine..... 228
Tumbling barrels, new model and standard types 224

U.

Underwriter's metal composition..... 117
Uniformity of crucible sizes..... 82
Uniting sheet metal parts..... 140
Utilizing spent pickle liquor..... 114

V.

Value of discussion..... 2
Vanadium, process of reducing..... 74
Variations in the properties of alloys..83, 108
Varnish for finish on spelter work..... 182
Verde antique finish.....204, 205
Verde antique finish on hardware..... 238
Verde antique, Roman bronze, and patinas, modern way of producing..... 5
Ventilation of metal working establishments 151

W.

Water for plating purposes..... 22
Water lacquer for brass..... 194
Water tumbling barrel..... 181
Welding of copper..... 177
Welding, method for..... 162
White brass as an antifriction metal..... 80
White metal, casting of..... 248
White metal mixtures..... 48
Wire drawing drum..... 74
Wire drawing machine.....184, 228
Workmen, physical comfort of..... 236
World's supply of tin..... 20
Wrought brass hinge..... 155

Y.

Yellow brass castings, light..... 13

Z.

Zinc alloys, process of making..... 240
Zinc, blocking of..... 7
Zinc plating solution..... 183
Zinc production, 1904..... 214
Zinc magnesium alloys..... 42

THE METAL INDUSTRY FILES

Complete files of THE METAL INDUSTRY form valuable reading matter for a metallurgical library. We have a limited number of files of Vol. III. and Vol. II.

For prices and particulars address THE METAL INDUSTRY, 61 Beekman Street, New York.
